Summary

The withdrawal of the concession on vehicle licence fees for local government also withdraws the exemption from Stamp Duty on vehicle and plant purchases.

Letter Department of Transport and Letter from Mark McGowan

Background

In December 2016 local governments around the state were contacted by the Department of Transport to advise of a 2016 budget measure withdrawing the motor vehicle licence concessions for Local Governments. Tied to the concessions is a legislative provision that also exempts local governments from Stamp Duty on vehicle and plant purchases.

Comment

The Plant Replacement Schedule for 2017 – 2018 has listed for replacement 2 prime Movers, the fuel trailer, Works Supervisors vehicle, CEO vehicle and small tip truck however in discussion with the Works Supervisor this has been reduced to one prime mover and the 2 staff vehicles. To replace these 3 vehicles plus purchase a new front end loader in 2017 – 2018 would attract stamp duty of \$33,425 however if these were purchased prior to the 30th June 2017 while the exemption is still in place this would not be payable. Also if the vehicles were registered prior to the 30th June 2017 the subsidy on licence fees would also apply.

While the negotiations with the new state government regarding the withdrawal of concessions is ongoing given the state government’s budget position and the tone of the letter from the new Premier a reversal of this decision by the previous government appears unlikely. The estimated net change over of the 3 vehicles plus the purchase of the new loader after trade in of the backhoe would be approximately \$370,000 which would be taken from the plant replacement reserve. An estimate of the interest lost on the term deposit for the extra time the money would have remained in the reserve is estimated at \$4,007 meaning the shire would save \$29,418 by buying these vehicles and plant before the 30th June 2017 if the decision to remove subsidies was not reversed. Alternatively if the decision

was reversed there is the possibility that the shire would lose \$4,007 in interest on the Plant Reserve term deposit.

This saving is only available if the new vehicles are ordered and available to be delivered before the 30th June 2017.

The shire would save \$29,418 in stamp duty unless the removal of the concession was reversed by the state government in which case there would be a potential loss of \$4,007 in interest on the reserve funds.

Disclosure of Interest: Nil
Date of Report: 31 March 2017
Author: Harry Hawkins, Chief Executive Officer

Summary

The Audit Committee has reviewed the Compliance Audit Return for 2016 and presents it to Council for adoption. The Committee noted no areas of non-compliance in the Return.

Attachments

Nil

Background

All local governments are required to complete and submit a Compliance Audit Return for the previous calendar year by the 31st March of the following year. For 2017 a new way of delivering the return was introduced and the circular explaining that does not appear to have been received by the Shire of Sandstone therefore the return is being adopted by Council and lodged after the due date.

Comment

The Shire of Sandstone Audit Committee has today met and reviewed the 2016 Compliance Audit Return as required by the Local Government Audit Regulations 1996. The Committee went through the completed return and advise that there were no areas of non-compliance in the 2016 Return.

10.1.4 Development Assessment Panel Nominees

Agenda Reference: CEO 04/17 – 04
Location/Address: Shire of Sandstone
Name of Applicant: Development Assessment Panels
Disclosure of Interest: Nil
Date of Report: 31 March 2017
Author: Harry Hawkins, Chief Executive Officer

Summary

Council is required to nominate members for the local development assessment panel.

Attachments

Nil

Background

Legislation requires local governments to nominate 2 elected members to sit on a Development Assessment Panel (DAP) and 2 alternate members to act on occasions when one of the members is not available. The DAP sits when there is a need to determine a planning application that meets a certain threshold value.

All the current members' term expires on the 26th April and new nominees need to be appointed. Existing members for the Shire of Sandstone are Shire President Cr Beth Walton

and Deputy President Cr Carol Hodshon with alternate members being Cr Freda May and Cr Donna Bennett. There is no record of a replacement alternate member being appointed upon the resignation from Council of Cr Donna Bennett.

Comment

There is a statutory requirement for the Shire to nominate elected members to represent the Shire to assess development applications that meet the appropriate criteria that would require the DAP to meet. Council will need to nominate 2 members and 2 alternative members to sit on the DAP for the next 3 years. It is acknowledged by the Department of Planning that members nominated now may not be on Council following the October 2017 elections and that this should be taken into consideration when nominating members although replacement members can be nominated after the election if necessary.

10.1.5 Annual Review of Delegations Register

Agenda Reference: CEO 04/17 – 05
Location/Address: Shire of Sandstone

Date of Report: 3 April 2017
Author: Harry Hawkins, Chief Executive Officer

Summary

Council is required to review its register of delegations at least once every 12 months.

Attachments

Updated Delegations Register

Background

Legislation requires local governments to review their Register of Delegations at least once every 12 months. The Shire of Sandstone last reviewed their register in April 2016.

The Delegations Register is a register which records the allocation by Council of its powers and authority downwards to the CEO and any Committee to achieve effective results in a timely manner. Legislation also prescribes that not all powers of Council are able to be delegated and this is taken into account in compiling the register.

Comment

There is a statutory requirement for Council to review its register and there have been several changes made in this years review. Those changes are as follows;

1. EO – D03 Public Interest Disclosures. This delegation has been removed because the Public Interest Disclosure Act section 23 (1)(a) gives the power to the Principal Executive Officer of the public authority therefore it is not Council’s power to delegate.
2. FI – D03 Budget Allocation and Implementation, FI – D04 Calling for Tenders and FI – 13 Purchase Order Authorisation amended to reflect changes to regulations lifting the tender threshold to \$150,000.
3. FI – D15 The name Greenfields Technical Services has been removed and replaced with a generic term so that any technical consultant used can be present at tender openings.
4. TP – D02 Development Applications Advertising. This delegation has been removed because if the application requires advertising for community comment then it should not be approved by staff under delegation but by Council.

All other delegations are unchanged from the 2016 review.

10.1.6 Murchison Sub-Region Economic Development Plan

Agenda Reference: CEO 04/17 – 06
Location/Address: Shire of Sandstone
Name of Applicant: Nil
Disclosure of Interest: Nil
Date of Report: 3 April 2017
Author: Harry Hawkins, Chief Executive Officer

Summary

Council is asked to endorse the Murchison Sub-Region Economic Development Plan.

Attachments

Draft Murchison Sub-Region Economic Development Plan (latest version)

Background

The Murchison Sub-Region Economic Development Plan was prepared by Alison Madson from Local Synergies on behalf of the Murchison Executive Group (MEG).

In April 2016 a 2 day Murchison Economic Development Forum was held in Cue which provided much of the input into the plan, unfortunately it appears as though there was no attendee from the Shire of Sandstone. The acknowledgements show that input also came from websites and publications of the Midwest Development Commission, state government departments and Murchison shires including the Shire of Sandstone.

Comment

Attached to the plan is a list of projects and strategic directions which along with Actions listed throughout the plan may if implemented help the sub region to achieve the development within the plan.

Those strategic directions are broken down into Pillars that focus on;

1. Physical Infrastructure for transport including road and rail, Water both quality for residential and quantity for industrial and agriculture pursuits, Energy including renewables, Waste including recycling and reuse,
2. Digital Communications including the internet, mobile communications, satellite and the rumoured removal of land lines.
3. Economic Development which looks at the Resource Economy including gold mining and the effects of FIFO on local communities, Tourism and keeping tourists in the region for longer, Agriculture and Food including innovation in agriculture, horticulture and the pastoral industry, Land Development and release, Business and Industry

Development supporting existing industry and fostering innovative business and entrepreneurship, Trade Development to build a brand that is globally recognised and links the Murchison to Asia and other developing nations and Security by supporting the Australian Defence Force operations in the north west.

4. Highly Desirable Communities is another pillar focussing on community development leadership and collaboration to enhance the capacity of local communities to manage change, Spaces and Places by providing infrastructure and services that help create exciting healthy and vibrant local communities, Regional Housing to provide workforce accommodation aged care services and aboriginal housing, Health and Wellbeing to provide sophisticated health services to support improved health and quality of life in communities, Remote Communities to have equal opportunities and Environment to ensure the Murchison's diverse natural assets are protected and managed.
5. The final focus is on knowledge and learning by looking at Education and Training by making equitable and accessible high quality education and training available to all residents, Workforce Development creating a dynamic and skilled workforce to match economic growth and development and finally Research and Innovation by providing investment in innovation and knowledge management that supports growth and productivity in all sectors of the Murchison.

10.1.7 Recognition of George Dent

Agenda Reference: CEO 04/17 – 07
Location/Address: Shire of Sandstone
Name of Applicant: Alison Sampson (Great Grand Daughter)
Disclosure of Interest: Nil
Date of Report: 18 April 2017
Author: Harry Hawkins, Chief Executive Officer

Summary

Council is being asked to consider a way to recognise the part played by George Dent in the foundation of Sandstone in a similar way to the way his partners the Hack brothers were recognised by the naming of Hack Street.

Attachments

Letter from Alison Dent dated 9 May 2016.

Background

The attached letter was sent to the Shire President 12 months ago and it has been discussed by Council previously however any resolution or decision made is not included in the minutes of any meeting. The request has been ongoing in various forms over the last 12 months and it is being brought formally onto the agenda for Council to make a decision on a way to recognise Mr Dent if considered appropriate.

Comment

In Sally Senior's book Sandstone From Gold to Wool and Back Again very little is said of George Dent other than that he was a partner to Theodore Hack in the 12 acre Adelaide lease 9 miles north of Black Range one of the early reef gold discoveries in 1903 and later that year their mine was sold to Hans Irvine. Other than that there is little to indicate that he was a significant person in the Black Range district in that era.
