

Art/Craft Exhibition

* The Shire of Sandstone will be hosting an Art and Craft Exhibition in conjunction with a Wine and Cheese Evening on the 1st September 2018. All items will be on display in the Shire Hall for the last 2 weeks of August and first 2 weeks of September. We will be looking for volunteers to help out with a few hours during the day while artworks are exhibited for people to peruse. This is an opportunity for artists to showcase their talent whether it be painting, quilting, photography, jewelry or doll making. So get creative all you clever arty people out there and make this a fantastic event.

Artist David Apse will once again be coming back to Sandstone and making himself available for art lessons during August and be MC for the Exhibition Night.

More details will be given closer to the event.
