Date of Report: 15 April 2019
Author: Harry Hawkins Chief Executive Officer

Summary

Council in resolution 04/19 resolved to purchase 2 units for the Alice Atkinson caravan Park however as the total cost exceeded \$150,000 we were required to call tenders. 7 tenders have been received and the evaluation results are below.

Attachments

Tenders received

Background

Council at its February 2019 meeting discussed a proposal to construct 2 x 2 bedroom self contained units at the Alice Atkinson Caravan Park however the price of the 2 units exceeded the \$150,000 tender threshold and tenders needed to be called. Tenders closed on the 15th April and 7 tenders were received by the submission deadline.

Comment

The 7 tenders received by the tender deadline have been assessed against the selection criteria in the tender documents and a summary is shown below.

Tenderer	Complies with tender requirements	PRICE Ex GST	Previous Experience	Brand reputation in WA
McNally Commercial	Yes	\$269,638	Yes	?
Fox Transportables	Yes	\$165,476	Yes	Good

SHIRE OF SANDSTONE

Evoke Living Homes	Yes	\$207,736	Yes	?
TR Homes	Yes	\$242,313	Yes	Good
Thermal Comfort Homes	Yes	\$216,364	Yes	?
Modular WA	Yes	\$188,252	Yes	Good
Acero Construction	Yes	\$147,157	Yes	?

All tenderers complied with the tender specifications although some included an instantaneous hot water service rather than the storage system specified. All 7 had previous experience in providing transportable buildings to country areas in Western Australia while brand reputation was difficult to assess as some I had not heard of although they may have a reputation with other people more involved in the building industry. The lowest cost option came from Acero Construction at \$147,157 while Fox Transportables had the next lowest price of \$165,476 with the highest tender being \$269,638 from McNally Commercial.

These tenders have been with the Shire since April 2019 and it is almost certain the tenderers would look to revise their tendered price given the time lapsed. The hold-up has been the lack of response by Western Power in providing a non-binding estimate to upgrade the power to the site to allow the installation of the 2 new units. The CEO has made various attempts to draw out a written non-binding estimate without success. An appeal to the Minister has been met with an unsatisfactory response (copy attached). An initial guess was in the order of \$250,000.

The Council may wish to consider the alternative of not accepting any tender and advise all tenderers accordingly.

Summary

1. Crew Movements

The crew have completed the Yeelirrie Rd floodway problem at SLK 48.70 I am now putting out for quotes on the sealing of this and other flood ways and grid aprons.

They are now on the Meekatharra Rd re-sheeting located at SLK8.13 to 10.53.

I will have a combination of contractors and staff doing these works while I am short of staff.

The crew will then complete another floodway near the boundary on the Meekatharra Rd, then onto Paynes Find Rd completing the RRG works and other flooding problems from the past.

2. Maintenance Grader

Our operator has completed the Paynes Find Rd to the Lake Barley Rd and is now doing the Menzies Rd to the Heritage trail and completing the Heritage Rd section before going back onto the Wiluna Rd / Meekatharra.

3. Contract Maintenance Grader

This contract grader has completed the Youanmi Rd from the Mount Magnet boundary and is now on to the Paynes Find Rd heading to the Yalgoo boundary he will also complete a grade down the Station Access roads in that area before going onto the Lake Barlee Rd.

4. Employees

With being short of two employees with one being on Workers Compensation and just having shoulder surgery, and the other on other leave, I have been able to get someone to fill in for one of the two employees off on leave that person has been an employee of the Shire in the past and will be employed as a casual for a period of 3 to 6 months depending on the employee on workers compensation rehab program works out.

5. Plant

I have the Grader, Water Truck Prime Mover quotes in from the WALGA e'Quote system, the summery and preferred option of these have been added to the attachments.

I have information from the quotes for the purchase of the Multi Tyred Roller, I ask Council to look at and discuss with regards to this matter, as the quotes closed on Wednesday the 16th I was not able to bring an item to council.

The small vehicles that were included in the budget have all been purchased through Midland Toyota, they were the best price on both the vehicles and trade.

6. Council Discussion

I have had a complaint about the Yeelirrie Rd that being the road is breaking up in one of the locations completed through the weather event in previous years, I have completed works on this road to repair sections that were poorly constructed and now there is another section that requires works to be completed as the road is now dangerous.

I ask Council to consider completing these works through the council funded program, I suggest leaving some floodways and grid ramp works out of this year's program to complete this work.

SHIRE OF SANDSTONE

Author: David Holland WS

Summary

The shires CAT motor grader used for construction grading is due for sale and quotes were called using the WALGA E Quotes system which exempts the shire from having to go to tender. 1 quote was received and Council is asked to endorse the purchase.

Attachments

Quote from CAT, which is available to council on request.

Background

The shire maintains a 10 year plant replacement program and this financial year 2019/2020, the CAT construction grader is due for sale. The sale of the grader was included in the annual budget with a new purchase price of \$368,000 less trade in of \$120,000 a net change over of \$248,000.

Comment

The 2019-2020 annual budget included the purchase of a new grader for use on construction grading activities and the trade in of the existing CAT grader. The required grader specifications were listed on the WALGA E Quotes system with these preferred suppliers having the opportunity to quote, Hitachi Construction Machinery (Australia), Komatsu Australia Pty Ltd and Westrac Pty Ltd. The quotation period expired on the 9th October 2019 and quotes were received from 1 supplier as per the table below and attached quotes.

Motor Grader	HORSEPOWER	WARRANTY	PRICE	TRADE	NETT
Cat 12M	183 hp 136 kw	60mths/6,000hrs powertrain, hydraulics and technology	\$353,250	\$154,000	\$199,250

The operator of the Construction grader was consulted, and he advised that he favoured the CAT grader as it had a larger cab which meant it was cooler and more comfortable plus with the joy stick controls was faster and easier to turn and manoeuvre around particularly in tight spaces.

There is also the advantage of having both graders the same brand meaning filters and other parts can be interchanged requiring less stock to be held in the workshop.
