POLICY:	STAFF ATTRACTION AND RETENTION BENEFITS
POLICY NO:	2.1
SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	26 September 2019
DATE TO BE REVIEWED:	SEPTEMBER 2020

In recognition of skilled labour shortages experienced, the Shire of Sandstone participates in the evolutionary process of redeveloping itself into an Employer of Choice.

An integral component of this strategy is Council's capacity to offer incentives to employees.

Performance and Service Recognition Scheme

In an effort to provide an incentive for staff to remain with the Shire of Sandstone, a system recognising a combination of exemplary performance and longevity of service applies to all full-time, part-time, casual and contract staff, with part-time and casual employees being entitled to a pro-rata percentage calculated on the number of ordinary hours worked during the calendar year from 1 December to 30 November.

The following amounts will be paid to employees in the first pay period after 1 December annually, based on the following thresholds being reached:

First year of employment up to 30 November (qualification period)	
will attract a pro-rata entitlement of up to	\$3,000
First full year after qualification:	\$4,000
Second full year after qualification:	\$5,000
Third full year after qualification:	\$6,000
Fourth full year after qualification:	\$7,000
Subsequent years:	\$7,500

Employees forfeit their entitlement to any performance or service recognition payment where they part Council's employ at any time during the period after the 1st December and before the next payment is due on the 30th November. KPI's have been agreed with all staff and these must be met for them to be entitled to the full payment of the performance or service recognition payment.

A pro-rata entitlement of the applicable Performance and Service Recognition payment will be payable to new employees if their service forms part of the calendar period 1 December to 29 November and their performance warrants the payment.

Housing Incentive Payments

Housing Incentive Payments be granted to all Shire Employees not residing in accommodation provided by Council at the rate of \$160.00 per week. Housing Incentive Payments provided to employees engaged on a permanent part-time basis will be applied on a pro-rata basis.

Where Council accommodation is provided, it is done so on a rent-free basis.

Superannuation Contributions

That Councils contribution for Superannuation will be as follows: -

- That Council contributes 5% for the first 12 months service and 5% thereafter of an employee's gross pay to those employees contributing 1% or greater of their own gross pay to the WA Local Government Superannuation Voluntary Scheme.
- Contributions to the Compulsory Occupational Superannuation Scheme will be at the rate set from time to time in line with the Superannuation Guarantee Component (SGC), currently representing 9.5% (as of 1 July 2019) of an employee's gross salary.
- Council reserves the right to negotiate alternative contributions for employees engaged on a negotiated contract of employment.

Utility cost channelling

Utility costs (Electricity, Gas and Telephone) for all non-contract staff are paid by Council. Due to some houses having solar panels and some having reticulation giving tenants of those houses an unfair advantage over others Council will pay all electricity and water consumption costs.

The Chief Executive Officer has authority to negotiate Council contributions to these expenses within budget provisions as required to assist in attracting and retaining employees.

Annual Leave

In recognition of the isolation employees within the Sandstone community face, Council will provide all staff with an additional one week of Annual Leave plus Leave Loading over and above the award or contract provisions for all employees.

Travel Leave

In recognition of the isolation employees within the Sandstone community face, Council will provide staff with two days additional Sick Leave for the purpose of travelling for medical and dental attention for the employee or an immediate family member who is domiciled with the employee. This leave is to be non-cumulative.

Removal/Relocation Expenses

That Council, in an effort to encourage quality staff to the Shire of Sandstone, contributes to removal/relocation expenses up to a maximum of \$4500.00. Reimbursement of the removal/relocation expenses will be as follows:-

- 50% of the cost being repaid to the employee immediately after commencement.
- The balance to be repaid following 6 months service.

In respect to prospective employees that will be negotiating a contract of employment with the Shire of Sandstone, Council reserves the right to negotiate individually with the prospective employee regarding removal/relocation expenses.

If an employee leaves the employment of the Shire within 12 months of commencement 50% of any relocation costs are to be reimbursed to the Shire of Sandstone.

Purchase of FBT Exempt Equipment

The Shire of Sandstone supports staff in their purchase of Fringe Benefits Tax exempt work-related items such as a portable electronic device, an item of computer software, item of protective clothing, briefcase or tool of trade through salary sacrifice, subject to persons satisfying the Australian Tax Office requirements. Salary cannot be sacrificed to purchase desktop Personal Computers or peripherals such as monitors, scanners, etc.

Staff have the option to either purchase a product and seek reimbursement or Council will remit payment to the supplier directly. Staff will be provided with the opportunity to repay this balance via payroll deductions over a period of up to twelve months. Staff members leaving the employ of Council prior to their full balance being recovered will be required to remit the balance automatically via their termination payment.

Staff Training

That Council allows appropriate accommodation (including meals) and travel expenses to be incurred by Staff when attending Training Seminars and Courses. Accommodation is to be arranged only by the relevant Executive Manager. Payment for private accommodation shall not be granted unless approved by the Chief Executive Officer.

Retirement Seminars

Within 24 months of an employee approaching retirement, application may be made to the employees' appropriate Manager for the employee to attend a seminar on retirement planning at shared cost.

Council's contribution may be to a maximum of \$1,000.00.

Office Uniform Policy

To maintain Council's corporate image administration staff are encouraged to wear a uniform or appropriate non-corporate attire. To support the wearing of uniforms and corporate attire Council will contribute up to \$500 per employee per year. Any additional cost is to be incurred by the employee.

POLICY:	POLICE AND MEDICAL CLEARANCES
POLICY NO:	2.2
SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	26 September 2019
DATE TO BE REVIEWED:	SEPTEMBER 2020

PURPOSE/OBJECTIVE

It is normal practice for a Council to require of a prospective employee to obtain a police and medical clearance prior to being officially appointed.

Sandstone, being located in a remote area, can find this practice very difficult and there is a need to make some provision within a Policy to cover this situation.

POLICY STATEMENT

1. All persons engaged to commence employment with the Shire of Sandstone must obtain a **POLICE CLEARANCE** which must be current.
2. All persons engaged to commence employment with the Shire of Sandstone must obtain a **MEDICAL CERTIFICATE** from a qualified medical practitioner, with such clearance covering all requirements of the Shire of Sandstone as contained in the "PRE-PLACEMENT MEDICAL REPORT".
3. In the event that a Police Clearance is not supplied to the Shire prior to commencement then such appointment will be subject to the provision of a satisfactory police clearance within 1 (one) week of the commencement.
4. In the event that a satisfactory Medical Certificate is not supplied to the Shire prior to commencement then such appointment will be subject to the provision of a satisfactory Medical Certificate within 2 (two) weeks of the commencement.
5. It is a condition of employment at the Shire of Sandstone that all new employees are required to provide the Shire with a current police clearance and a current pre-employment medical certificate as prescribed in this policy. Any prospective employee who fails to provide these clearances to the Shire in accordance with this policy will not have their employment confirmed by the Shire and they will be deemed to have failed to meet the probationary conditions of employment.
6. On the production of a receipt for the clearances the Shire of Sandstone will make a full reimbursement of the cost of obtaining them to the employee.

POLICY:	HARRASSMENT
POLICY NO:	2.6
SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	26 September 2019
DATE TO BE REVIEWED:	SEPTEMBER 2020

Council strongly supports the concept that every employee, elected member and member of the public employed by or engaged in business with the Council, has a right to do so in an environment which is free from harassment and the Council is committed to providing such an environment.

Council considers harassment to be an unacceptable form of behaviour which will not be tolerated and recognises that harassment is unlawful.

Harassment is any conduct of a sexist nature (whether physical, verbal or non-verbal) which is unwelcome and unsolicited and rejection of which may disadvantage a person in their employment or their life in general. The following examples may constitute harassment when they are considered offensive to an employee, elected member or member of the general public:

- Deliberate and unnecessary physical contact such as patting, pinching, fondling, kissing, brushing against, touching
- Subtle or explicit demands for activities or molestation
- Intrusive enquiries into a person's private life
- Uninvited and unwelcome jokes that have a sexist undertone
- Unsolicited leers and gestures of a offensive nature and the display within the workplace of offensive material

Council recognises that harassment can undermine health, performance and self-esteem of individuals and has the potential to create a hostile and intimidating environment. Council is therefore committed to any action which ensures the absence of harassment in the workplace including general training of the workforce and specific training for officers identified to deal with complaints. Appropriate disciplinary action will be taken against any individual found to be engaging in such conduct.

Any complaints of harassment made against another person associated with the Council will be viewed seriously, treated confidentially and thoroughly investigated by appropriately trained persons.

Any person making a claim of harassment will be protected at all times. No transferring of staff or face to face meetings between the complainant and the person whose behaviour has been found to be unwelcome will occur without the prior consent of both parties.

An employee whose health or work performance has been affected by harassment will not have their employment status or conditions disadvantaged in any way.

All applicants for any Council position are to be advised that appointment will be subject to the appointee obtaining a satisfactory Medical Certificate at Council's cost, with the Medical Examiner being advised of the duties and activities for the position and a National Police Clearance. (see Policy 2.2)

POLICY:	COMPLAINTS and GRIEVANCES
POLICY No.:	2.21
SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	26 September 2019
DATE TO BE REVIEWED:	SEPTEMBER 2020

COMPLAINTS/GRIEVANCE PROCEDURES

Introduction

All complaints/grievances will be treated confidentially and resolved promptly.

Wherever possible, the handling of complaints/grievances and resolution of such will be at the workplace where they occurred. Care will be taken throughout the investigation to ensure that neither the complainant nor the alleged aggrieved person are victimised.

It is recognised that cases of harassment may occur between supervisor and employee and as such, alternative methods of raising complaints are provided for by this procedure.

Procedure

1. A complaint/grievance may be lodged with any of the following person:
 - Immediate Supervisor/Manager (except where this person is the subject of the complaint)
 - Chief Executive Officer
 - President (only if the complaint is against the Chief Executive Officer)
2. A person receiving a complaint/grievance will:
 - Decide, in consultation with the complainant, whether the matter can be resolved at this level or whether it should be referred to a more senior level of management.
 - Assure the complainant that all details of the complaint will be treated confidentially and allow the person to decide on procedure.
 - Prepare a confidential report for the Chief Executive Officer on the nature of the complaint and ensure follow-up reports are provided until the matter is resolved.
 - Ensure no information regarding the complaint is discussed outside this procedure.
 - In a case where a union shop steward receives the complaint, the divisional manager and/or grievance officer is to be advised of the details of the complaint.
3. The person handling the complaint, whether it is the person who received the complaint or a more senior person, will, with the approval of the complainant:
 - As soon as possible, advise the person subject of the complaint of the nature of the complaint and provide an opportunity for that person to comment. Where

- appropriate the person subject of the complaint should be invited to discontinue any perceived unwelcome behaviour.
- Advise the person subject of the complaint of the right to contact their Union for advice and representation.
 - Advise the person subject of the complaint that no disciplinary action will be taken without the person being given the opportunity to be heard.
 - Keep simple, brief notes of the facts of the interviews held with both the complainant and person subject of the complaint.
4. If it is not possible to resolve the complaint simply by discussion with the complainant and the person subject of the complaint:
- The matter will be investigated and where the complainant or the person subject of the complaint is a member of a Union, the Union will be party to the investigation.
 - All documentation relating to the complaint will remain confidential and will not be produced or made available for inspection, except on the order of a Court or a request from the Commissioner of Equal Opportunity.
5. During the period of the investigation of a case of a serious complaint/harassment:
- If requested by either party or by management, alternative working arrangements may be made.
6. If, following investigation and resolution, a complaint is judged to have foundation:
- Appropriate remedial action will be taken including where appropriate disciplinary/counselling action appropriate to the circumstances and/or seriousness of the matter.
 - A record of the detail of the disciplinary action will remain on the employee's personal file for a period of 12 months, whereupon the record will be destroyed unless otherwise decided by the Chief Executive Officer.
7. If, following investigation, a complaint is judged to have no foundation:
- The complainant will be counselled and if it is considered that the complaint was made frivolously or maliciously, disciplinary action may be taken against the complainant.
 - Continued referral to a complaint and its aftermath could be considered as either a continuing or new incident of harassment.

COMPLAINTS HANDLING GUIDELINES

Note: – All actions taken in response to complaints must be documented at each tier for later analysis

First Tier – Front Line Officers

Level of Authority:

1. Authority to resolve mistakes that have no cost (present or future) to Council;
2. Authority to apologise for errors as long as the admission is not an admission of liability on the Shire's behalf.

Apology:

A sincere apology for errors can be a potent weapon in resolving complaints! If an apology is warranted, it should be given immediately in a sincere manner. If not warranted, an apology for the situation arising that has caused the person to complain can be given without accepting blame for the organisation.

When to refer a complaint on to second tier officer:

- ◆ When the complaint is about your own conduct and you are not confident that you can (or should) deal with it fairly or when the complainant requests it be dealt with by another officer.
- ◆ When the complaint is outside your delegated authority or area of expertise.
- ◆ When an officer is alleged to have committed a criminal offence, acted corruptly or engaged in other serious or controversial conduct, the matter is to be referred immediately to the CEO.

When a complaint is referred on, ensure the officer is fully briefed on the substance of the complaint so as to alleviate frustration by the complainant of having to explain the matter a second time.

Second Tier – CEO or relevant Executive Officer

Level of Authority:

1. Authority to review actions of first tier officer decisions.
2. Authority to conciliate within the limits of their delegation.
3. Authority to revoke instructions or orders when within their delegated authority (providing it is not ultra vires) and the circumstances warrant such revocation.

Review:

A review by the Officer by reconsidering the original decision or action and then instigating corrective action where appropriate is the easiest of the review options available. If a review is not an option, then the next phase should be conciliation.

Conciliation:

Complaints about personnel, especially rudeness or other improper conduct complaints, often are more conducive to semi-formal conciliations. The aim is to prevent the complaint from escalating into a larger and more time-consuming dispute. Often prompt attention to a complaint may be

better received and may result in conciliation being achieved to the satisfaction of the parties in a short period of time.

If the matter is complicated and emotions play a substantial part, the elapsing of time can assist in allowing tempers to cool, advice to be obtained and alternatives to be investigated and considered.

When not to undertake conciliation:

- ◆ The complaint is complex
- ◆ The facts are likely to be in dispute and investigation may be needed
- ◆ Disciplinary action is a strong possibility
- ◆ The outcome the complainant is demanding cannot be provided by the conciliator
- ◆ Questions of precedence for the organisation may be involved.

Third Tier – Complaints Review Group

The Complaints Review Group consists of the CEO, appropriate Executive Officer(s) and the Shire President (or his/her delegate) and the Deputy Shire President (or his/her delegate). The Complaints Review Group may co-opt externally when considered appropriate.

The Group's role is to:

1. Consider any appeal by complainants to decisions made by officers at the first and second tier level.
2. Consider any serious complaints involving personal injury, inappropriate behaviour, a breach of the law or financial implications and complaints that require a detailed knowledge of the Council's operations and procedures.
3. Direct complaints about a decision of Council where due process has not been followed, corrupt conduct, criminal actions or serious improper conduct, to an external body for investigation.
4. Advise the CEO of the appropriate action to be taken as a result of an investigation.
5. The Complaints Review Group may instruct the CEO to refer the complaint to an external body such as the Ombudsman's office, Crime & Corruption Commission, Police Department, Department of Local Government, Sport and Cultural Industries, etc.

STEPS FOR INVESTIGATION BY EXECUTIVE OFFICERS

1. Check if there are any previous complaints from this person.
2. Contact the complainant to:
 - ◆ Clarify the complaint
 - ◆ Clarify the outcome sought

- ◆ Check whether they need support of any kind - whether they have poor sight, hearing or a language difficulty, and what they need to understand the discussion properly
 - ◆ Explain the investigation procedure
3. The investigating officer is to brief himself/herself on the relevant legal and administrative background of the complaint.
 4. Assess whether the complaint procedure is the most appropriate way of handling the complaint. If not, discuss alternatives with the complainant (i.e.; appeals to tribunals, legal action or Police).
 5. Consider whether the complaint could be resolved without further investigation.
 6. If the complaint is about proposed action by the Council, consider whether the action should be deferred while the complaint is investigated.
 7. Obtain all relevant documents (ensuring you see the originals, not copies). They may include files, log books and timesheets. Get copies of all the documents reasonably required.
 8. Establish the relevant sequence of events from the files and also the names of the officers/members most directly involved in the complaint.
 9. Prepare a line of questioning for each person to be interviewed:
 - ◆ Use open, not leading questions
 - ◆ Don't express opinions in words or by your body language
 - ◆ Ask single, not multiple questions
 10. Arrange the order of interviews so that where you need to establish normal procedures, you do this first from the most senior officers and end with the officers most directly involved in the complaint.
 11. Inform those to be interviewed that they can be accompanied by a friend or union representative, provided the friend is not in a supervisory position over the interviewee. Explain the complaint clearly to them.
 12. Consider whether you need a witness for a particularly difficult interview.
 13. Interviews should be conducted in an informal and relaxed manner, but persist in your questions if necessary. Don't be afraid to ask the same question more than once. Make notes of answers or tape the interview, whichever is most appropriate.
 14. Try to separate "hearsay" evidence from fact by asking interviewees how they know a particular fact.
 15. Deal with conflicts of evidence by seeking corroborative evidence. If this is not available, then as an exceptional measure, consideration can be given to organising a confrontation between the conflicting witnesses.
 16. At the end of the interview, summarise the main points covered by the interviewee and ask if he/she has anything to add.

17. Make a formal record of the interview from your written notes as soon as possible after the interview while your memory is fresh. Never leave it longer than the next day.
18. Draft a report setting out the evidence obtained, without including your own opinions and circulate this for comment to all those interviewed, including the complainant, unless there are special reasons not to do so.
19. Consider comments and amend the report as necessary, adding conclusions and if appropriate, a suggested remedy for the complainant.

POLICY:	FITNESS FOR WORK
POLICY No.:	2.22
SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	24 September 2020
DATE TO BE REVIEWED:	SEPTEMBER 2021

1.0 Purpose

The purpose of this policy and procedure is to detail the guidelines and actions required to manage fitness for work within the workplace, including contractors to the Shire of Sandstone:

- Illicit drug use
- Alcohol use
- Prescription medication
- Other medication
- Fatigue
- Any other factors where concentration and agility of an employee is affected

The Shire of Sandstone recognises there are many factors that have the potential to affect a person's ability to concentrate or function appropriately whilst at work. This risk could adversely affect the safety and health of the employee, other employees and/or members of the public.

This procedure outlines guidelines and the expectations of the Shire of Sandstone to demonstrate their duty of care under the Occupational Safety and Health Act and control the incidence of risk of injury or accident as a result of an employee being unfit for work. Employees found to be under the influence of or suffering from the adverse effects of drugs, alcohol or any other substance whilst at work will be disciplined appropriately. Serious offences may result in instant dismissal. Third offences will result in dismissal.

Substance – any drug that may have adverse effects causing impaired work performance

Unfit for Work – being impaired for work and therefore unable to perform duties in a safe manner

Use – eating, drinking, inhaling, injecting or dermal absorption of any substance or drug

4.0 Objectives

The objectives of introducing a Fitness for Work procedure is to reduce the risk posed to the Shire of Sandstone employees by the abuse of alcohol, drugs and substances or impaired work performance.

This procedure is not aimed at regulating individual’s private behaviour outside the workplace providing that behaviour does not have a residual effect on work performance.

5.0 Procedure

5.1 Alcohol

Persons being under the influence of alcohol will not be permitted to work on premises or with property of the Shire of Sandstone.

Employees are responsible for ensuring that they are not under the influence of illicit drugs or alcohol prior to commencing work.

If an employee deems him/herself fit for work, commences work and subsequently appears impaired due to the influence of alcohol including working under the adverse effects of alcohol, they will be stood down from their duties and taken for a breathalyser alcohol test. If the employee is found positive to having a blood alcohol level above zero then the employee will be stood down without pay until the employee can return a zero result to a breathalyser test.

If an employee refuses a breathalyser alcohol test then the employee shall be stood down without pay until they return a zero result to a breathalyser test.

If the employee is over the legal limit to drive, they will not be allowed to drive home.

All persons in charge of Council vehicles may be breathalysed prior to operating a vehicle to assure compliance with the zero tolerance policy for employees in charge of Shire plant and equipment.

All employees may be breathalysed at the commencement of their shift or any other time at the discretion of the Works Supervisor or CEO.

There may be occasions where alcohol may be included as part of a work function or other recognised work event. Where management has properly approved the consumption of alcohol, employees must continue to behave in a sensible and responsible manner with due care for their own and other people's safety and wellbeing. Failure to behave in a sensible and responsible manner with due care, or any failure to follow any directions given by management with regard to the consumption of alcohol may result in disciplinary action. It is a condition of the Shire of Sandstone that employees make alternative arrangements to get home so that they do not drive themselves home following the consumption of alcohol. The Shire of Sandstone accepts no responsibility for employees during travel to and from the function.

5.2 Drugs and Prescription Medication

5.2.1 Illicit Drugs and Other Substances

Illicit drugs and other substances are strictly prohibited by the Shire of Sandstone. Being under the influence of, suffering adverse effects or in possession of, or found to be cultivating, selling or supplying drugs or other illicit substances whilst on the Shire of Sandstone property or premises will result in summary dismissal.

If demonstrating signs of the above, an employee must undergo a drug screening urine test (conducted by trained staff of the Shire of Sandstone).

Refusal to undertake a drug screening urine test will result in the employee being stood down without pay until the employee returns a negative result to a drug screening urine test.

Employees are required to determine their fitness for work prior to commencing their duties.

If an employee deems themselves fit for work, commences work and subsequently appears impaired due to the influence of drugs including working under the adverse effect of drugs, they will be stood down from their duties and required to undergo a drug screening urine test. If the employee's drug screening urine test is found to be above the recommended threshold levels (as attached) then the employee will be stood down from duties without pay until the employee returns a negative result to a drug screening urine test.

All persons in charge of Council vehicles may be asked to undergo a drug screening urine test prior to operating a vehicle to ensure compliance with the zero tolerance policy for employees in charge of Shire plant and equipment.

All employees may be asked to undergo a drug screening urine test at the commencement of their shift or any other time at the discretion of the Works Supervisor or CEO.

5.2.2 Prescription and Other Medication

It is an employee's responsibility to provide documentary evidence to their supervisor of any prescription or non-prescription medication they are taking that is deemed to potentially affect their ability to perform their duties.

This information is to be recorded on their personnel file for reference in the event of an emergency.

It is also required that employees provide the employer with relevant information regarding an employee taking prescription medication or known allergic reactions to any medication an employee may have (i.e. penicillin) that may be useful in a medical emergency.

Any prescription and other medication must be used in accordance with medical advice. Any non-prescription or other medication must be used in accordance with the manufacturer's recommendations.

Failure to follow these requirements may result in disciplinary action.

5.3 Fatigue

Fatigue can be the result of many different situations. Due to this, this procedure will directly reflect the implications of fatigue through the following external triggers (but are not limited to):

- Lack of sleep due to illness or other personal issues
- Voluntary work
- External work commitments

In the interest of safety and health it is important that employees remain alert and function at full capacity whilst at work. When affected by fatigue, actions may be impaired through lack of concentration and poor judgement, therefore increasing the potential to cause injury or harm to themselves, personnel or members of the public.

It is the Shire of Sandstone's policy to provide a safe place of work for its employees. It is an employee's responsibility to report to their supervisors any other work commitments or voluntary commitments outside their employment with the Shire of Sandstone that may impact accordingly.

Depending on the circumstances, the Shire of Sandstone may agree to come to a compromise with the employee to ensure there is an equilibrium between regular hours worked at the Shire of Sandstone, sleep/rest and additional hours worked elsewhere (including paid and voluntary work).

If deprivation of sleep is the cause of fatigue due to other external circumstances (that are not listed above), a drug and alcohol screen may be required. If a positive result occurs, disciplinary action will result.

If sleep deprivation is due to illness or personal issues the Shire of Sandstone will endeavour to find a short-term compromise and support the employee in whatever capacity is appropriate.

In circumstances where the employee is unfit to remain at work as to the judgement of their employer, the employee may be stood down from work for the remainder of the day and depending on the circumstances this may occur with or without pay.

6. Disciplinary Action – Drugs and Alcohol

If the Drug and Alcohol policy or Fitness for Work procedure is in any way contravened by an employee, the offending employee will be subjected to disciplinary action, which may lead to a written warning and if the breach is serious enough to warrant dismissal, then dismissal may occur.

6.1 General Guidelines

Any employee who tests positive to an alcohol or drug screen will be stood down from their work without pay until such time as they have proven they are fit for work.

Any person who is found to be significantly fatigued may also be stood down from work without pay, until such time as they have proven they are fit for work.

This policy is underpinned by a commitment by the Shire to educate its employees to refrain from attending for work whilst under the influence of alcohol or illicit drugs. Accordingly, employees will receive assistance from Counselling services to address their personal issues relating to alcohol and drug use. Employees who are found to be repeat offenders against this policy and/or who are found to have refused to undertake counselling and have failed to make a serious attempt to address their drug and/or alcohol issues, will ultimately face the prospect of dismissal.

6.2 Pre-commencement of Work

Employees are expected to present themselves fit for work on all occasions. Should an employee present themselves for work and prior to commencing their duties is observed to be unfit for work they may be required to undertake an alcohol or drug screen. If the screen proves positive, they will be stood down without pay until they can return a negative result from a drug screening urine test or a breathalyser test.

Post-commencement of Work

If an employee deems himself or herself fit for work, commences work and subsequently appears impaired due to the influence of alcohol or drugs including working under the adverse effects of alcohol or drugs, they will be stood down from their duties and taken for a drug screening urine test. If the employee is found positive to having a blood alcohol level greater than zero or a drug screening urine test result above the cut off threshold limit (as attached) then the employee will be stood down without pay until they can return a negative result from a drug screening urine test or a breathalyser test.

6.3 Summary Dismissal

The following are guidelines to circumstances that will result in summary dismissal:

- (i) any attempt to falsify the drug screening urine test or a breathalyser test.
- (ii) cultivating, selling or supplying drugs and/or other substances on the Shire of Sandstone's premises
- (iii) consumption of illicit drugs or unauthorised consumption of alcohol whilst on the work site or during the working period
- (iv) unlawful behaviour that constitutes gross misconduct and that strikes at the heart of the employment contract.

7.0 Other

If an employee is found to be heavily intoxicated, above the legal limit to drive or extremely fatigued and they are sent home, it is a requirement of the supervisors to:

- Contact the employee's next of kin to arrange pick up
- If next of kin is unable to be contacted or unable to take employee home, alternative arrangements must be made so as to get the employee home safely. The employee is to be advised that their vehicle must, wherever practicable, be collected by a family member or friend that same day.

As part of their pre-employment medical all new employees will be required to undertake a drug screening urine test and a breathalyser test prior to commencing work at the Shire of Sandstone.

Note: There will be a time lapse between the onsite drug screening urine test being undertaken and the results being received from the laboratory. The employee will be sent home without pay up to the time the test results are received by the Shire. However, if the test results are returned negative the pay for the time taken to process the tests and return results to the Shire will be reimbursed to the employee.

SECTION:	ADMINISTRATION
COUNCIL MEETING HELD:	26 September 2019
DATE TO BE REVIEWED:	SEPTEMBER 2020

Paid leave of up to 38 hours per calendar year will be granted to employees who are members of an approved volunteer emergency service organisation (such as SES or Volunteer Bush Fire Brigade, St John Ambulance) for the purpose of participating in training or service, at the discretion of the Chief Executive Officer.

This leave will be in addition to annual leave entitlements. Service or training in excess of 38 hours per calendar year is subject to the approval of the Chief Executive Officer and is conditional upon the likely disruption to the employee's work.

For incidents that are not classified as priority one, leave is to be approved by the employee's line Manager.

Paid leave granted under this Policy will be treated as continuous service for the purposes of calculating annual leave, long service leave, sick leave or any other entitlements. Unpaid Leave will be treated as leave without pay.

Employees requiring access to Emergency Service Leave are to provide reasonable notification to the Shire where possible, and have the leave approved by the Chief Executive Officer.

Employees granted paid leave under this Policy shall be paid for time absent from duty up to the total of ordinary time usually worked in that day or period during the emergency, but not including time in excess of ordinary working hours, weekends or public holidays. Time off on full pay will also be allowed where there is an insufficient rest break between emergency services duty and the required commencement of the employee's normal shire shift start time.

Employees seeking leave to participate in a volunteer emergency service organisation under this policy must provide certification that they have become members of a recognised volunteer service organisation. This certification will be placed on the employee's personnel file and recorded electronically within payroll records.

POLICY:	PURCHASING – QUOTES and TENDERS
POLICY No.:	4.6
SECTION:	FINANCE

Local Government Act 1995	Clause 3.57(2)
Functions & General Regulation	11

PURCHASING & TENDERING POLICY

Objective:

To provide clear guidelines to the Council and its officers for procuring goods or services through Direct Purchasing where the value (excluding GST) is expected to be less than \$150,000 and where the value is expected to be \$150,000 or more through Public Tender. This policy is intended to provide a framework within legislative requirements and to further complement statutory requirements.

Policy:

The scope of this policy includes the procurement of goods or services pursuant to Section 3.57 of the Local Government Act 1995, and Part 4, 11(1) of the Local Government (Functions and General) Regulations 1996 as amended from 1st October 2015 where the value of the procurement is, or is expected to be, more than \$150,000 (excluding GST) and not exempted under Regulation.

The Chief Executive Officer will undertake to ensure that compliance with legislative requirements is maintained and that procedures implemented are capable of withstanding scrutiny and provide appropriate transparency of the Shires practices toward the procurement of goods or services.

The Chief Executive Officer will undertake to put in place competent practices to ensure best value for money, best practice in management, transparency, probity, environmental performance, and that appropriately qualified staff and resources, together with training, are provided in support of these practices.

Why do we need a Purchasing Policy?

The Shire of Sandstone is committed to setting up efficient, effective, economical and sustainable procedures in all purchasing activities. This policy:

- a) Provides the Shire with a more effective way of purchasing goods and services.
- b) Ensures that purchasing transactions are carried out in a fair and equitable manner.
- c) Strengthens integrity and confidence in the purchasing system.
- d) Ensures that the Shire receives value for money in its purchasing.
- e) Ensures that the Shire considers the environmental impact of the procurement process across the life cycle of goods and services.

- f) Ensures the Shire is compliant with all regulatory obligations.
- g) Promotes effective governance and definition of roles and responsibilities.
- h) Upholds respect from the public and industry for the Shires purchasing practices that withstands probity.

Ethics & Integrity

All officers and employees of the Shire of Sandstone shall observe the highest standards of ethics and integrity in undertaking purchasing activity and act in an honest and professional manner that supports the standing of the Local Government.

The following principles, standards and behaviours must be observed and enforced through all stages of the purchasing process to ensure the fair and equitable treatment of all parties:

- a) full accountability shall be taken for all purchasing decisions and the efficient, effective and proper expenditure of public monies based on achieving value for money;
- b) all purchasing practices shall comply with relevant legislation, regulations, and requirements consistent with the Shires policies and code of conduct;
- c) purchasing is to be undertaken on a competitive basis in which all potential suppliers are treated impartially, honestly and consistently;
- d) all processes, evaluations and decisions shall be transparent, free from bias and fully documented in accordance with applicable policies and audit requirements;
- e) any actual or perceived conflicts of interest are to be identified, disclosed and appropriately managed; and
- f) any information provided to the Shire by a supplier shall be treated as commercial-in-confidence and should not be released unless authorised by the supplier or relevant legislation.

Value for Money

Value for money is an overarching principle governing purchasing that allows the best possible outcome to be achieved for the Local Government. It is important to note that compliance with the specification is more important than obtaining the lowest price, particularly taking into account user requirements, quality standards, sustainability, life cycle costing, and service benchmarks.

An assessment of the best value for money outcome for any purchasing should consider:

- a) All relevant whole-of-life costs and benefits, whole of life cycle costs (for goods) and whole of contract life costs (for services) including transaction costs associated with acquisition, delivery, distribution, as well as other costs such as but not limited to holding costs, consumables, deployment, maintenance and disposal.
- b) The technical merits of the goods or services being offered in terms of compliance with specifications, contractual terms and conditions and any relevant methods of assuring quality.
- c) Financial viability and capacity to supply without risk of default. (Competency of the prospective suppliers in terms of managerial and technical capabilities and compliance history).

- d) A strong element of competition in the allocation of orders or the awarding of contracts. This is achieved by obtaining a sufficient number of competitive quotations wherever practicable.

Where a higher priced conforming offer is recommended, there should be clear and demonstrable benefits over and above the lowest total priced, conforming offer.

Sustainable Procurement

Sustainable Procurement is defined as the procurement of goods and services that have less environmental and social impacts than competing products and services.

The Shire of Sandstone is committed to sustainable procurement and where appropriate shall endeavour to design quotations and tenders to provide an advantage to goods, services and/or processes that minimise environmental and negative social impacts. Sustainable considerations must be balanced against value for money outcomes in accordance with the Local Government's sustainability objectives.

Practically, sustainable procurement means the Shire shall endeavour at all times to identify and procure products and services that:

- a) Have been determined as necessary.
- b) Demonstrate environmental best practice in energy efficiency / and or consumption which can be demonstrated through suitable rating systems and eco-labelling.
- c) Demonstrate environmental best practice in water efficiency.
- d) Are environmentally sound in manufacture, use, and disposal with a specific preference for products made using the minimum amount of raw materials from a sustainable resource, that are free of toxic or polluting materials and that consume minimal energy during the production stage.
- e) Products that can be refurbished, reused, recycled or reclaimed shall be given priority, and those that are designed for ease of recycling, re-manufacture or otherwise to minimise waste.
- f) For motor vehicles – select vehicles featuring the highest fuel efficiency available, based on vehicle type and within the designated price range, contract conditions and work requirements.
- g) For new buildings and refurbishments – where available use renewable energy and technologies.

Authority to Order

The purchase of goods and services can be broken down into two main categories of expenditure, these being Capital Expenditure and Operating Expenditure.

Capital expenditure is expenditure carried out for the purchase of goods that have a useful life of not less than one year and that will be capitalised as non-current assets in the year of acquisition and depreciated over the useful life of the asset taking cognisance of any residual value of the asset at time of disposal.

Notwithstanding the above capital expenditure will only be regarded as such where the purchase price of the asset is equal to or greater than \$5,000.

Operating Expenditure is any expenditure carried out in the performance of the Shires operations and does not comply with the requirements for Capital expenditure.

Purchasing Limitations

For the purchase of Goods and Services the following authority levels are to apply:

Petty Cash purchases – maximum individual value of \$75.

Advertising – Administration Officer – not exceeding an order value of \$1,000.

Printing and Stationery and Other Office Consumables – Finance Officer – not exceeding an order value of \$1,500.

Building Maintenance Supplies – Works Supervisor – not exceeding an order value of \$10,000. (Does not include tools and equipment)

Workshop Consumables – Shire Mechanic – not exceeding an order value of \$1,000.

Gardening Supplies – Gardener – not exceeding an order value of \$1,000. (Does not include tools and equipment).

Fuel, Oils and Lubricants – Administration/Finance officer or Shire Mechanic – not exceeding an order value of \$30,000.

All capital expenditure is to be authorised by the CEO or Works Supervisor.

All other operating expenditure is to be authorised by the CEO or Works Supervisor
There are three categories of procurement valuation (excluding GST) which are as follows:-

- a) Less than \$5,000 – one verbal quotation is required.
- b) Between \$5,000 and \$19,999 – minimum of 2 verbal or written quotations are required.
- c) Between \$20,000 and \$149,999 – at least three written quotations are required.

a) Less than \$5,000

Where the value of procurement of goods or services does not exceed \$5,000, one verbal quotation is required to be obtained, however it is recommended to use professional discretion and occasionally undertake market testing to ensure best value is maintained. For the purchase of simple low value, low risk goods and services or “petty cash” type purchases, accountability is basically proof of purchase by way of a receipt.

b) Between \$5,000 and \$19,999

This category is for the procurement of goods or services where the value of such procurement ranges between \$5,000 and \$19,999. At least two verbal quotes are required (but where it is not practical, eg due to limited suppliers, it must be noted in the process).

The Chief Executive Officer may, at his discretion, waive the requirements to obtain two quotes providing that written, justifiable reasons for such waiver are provided by the officer responsible, and file noted accordingly.

c) Between \$20,000 and \$149,999

For the procurement of goods or services where the value exceeds \$20,000 but is less than \$149,999, it is required to obtain at least three written quotes (but where it is not practical, eg due to limited suppliers, it must be noted in the process).

The Chief Executive Officer may, at his discretion, waive the requirements to obtain three written quotes providing that written justifiable reasons for such waiver are provided by the officer responsible and file noted accordingly.

Evaluation of quotes must be undertaken at least by a group of two persons. For this procurement range, the selection should not be based on price alone, and it is strongly recommended to consider some of the qualitative factors such as value for money, sustainability, stock availability, accreditation, time for completion or delivery, warranty conditions, state of the art technology, maintenance requirements, organisation's capability, previous relevant experience and any other relevant factors as part of the assessment of the quote.

d) Notes

- The responsible officer is expected to demonstrate due diligence seeking quotes and to comply with any audit and/or record keeping requirements.
- Where practicable, file notes for verbal quotes are recommended.
- As far as practicable, the price should not be the only criterion for selection of a quote.
- When requesting quotes from a business it is to be made clear that only the original quote will be considered. Under no circumstances are officers to engage in bartering activities playing one business off against the other.
- Officers are to be diligent and professional in their approach to purchasing focusing on the best possible alternative for the Shire. Purchasing from friends, relatives etc are not allowed without the direct approval of the CEO.
- Reference to be made to the Local Preferences Policy, where:
 - ▶ "...if possible when making minor purchases i.e. up to \$2,000.00 in value and if the price differential above the best price obtainable outside the district does not exceed 15%..."
 - ▶ "On major contracts i.e. above \$20,000.00 in value, Council is to clearly indicate its preference to use local contractors and sub-contractors and will accept a price of not more than 5% above the best price obtainable outside the district and subject to issues of availability, expertise and equipment availability and other relevant issues being considered".

Note: The general principles relating to written quotations are;

- An appropriately detailed specification should communicate requirement(s) in a clear, concise and logical fashion.
- The request for written quotations should include as a minimum:
 - ▶ Written Specification
 - ▶ Selection Criteria to be applied
 - ▶ Price Schedule
 - ▶ Conditions of responding
 - ▶ Validity period of offer
- Invitations to quote should be issued simultaneously to ensure that all parties receive an equal opportunity to respond.
- Offer to all prospective suppliers at the same time any new information that is likely to change the requirements.

- Responses should be assessed for compliance, then against the selection criteria, and then value for money and all evaluations documented.
- Respondents should be advised in writing as soon as possible after the final determination is made and approved.

The Local Government Purchasing and Tender Guide produced by the Western Australian Local Government Association (WALGA) should be consulted for further details and guidance.

Budget Provisions

Officers cannot issue orders for any goods or services unless the Council budget makes provision for that expenditure.

Where no budget allowance has been made then expenditure would be unauthorised and must go before Council for approval. Full details of the purchase proposal and reasoning must be submitted to Council prior to any action to purchase being considered.

Council delegates authority to the Chief Executive Officer to changeover light vehicles in accordance with Council policy without reference to Council provided that where applicable tenders are called in accordance with Tender Regulations and subject to the net changeover cost being within budget allocations. All other items of plant purchased shall be put before the full Council.

Placement of Orders

With the exception of Petty Cash purchases, utilities and insurances all purchases are to have a duly raised purchase order which is to contain a description of the purchase, quantity per item, unit cost, purchase price per line item and GST component. The purchase order is to have the total purchase price annotated on it and the estimated completion/supply date. Written confirmation of receipt of the purchase order by the supplier is also required. Purchases of goods and services other than for petty cash can **only** be made against suppliers who can quote an Australian Business Number (ABN).

Procedure for the procurement of goods or services through Public Tendering

Regulatory Compliance

Tender Exemption

In the following instances public tenders or quotation procedures are not required (regardless of the value of expenditure):

- a) An emergency situation as defined by the Local Government Act 1995;
- b) The purchase is under a contract of WALGA (Preferred Supplier Arrangements), Department of Treasury and Finance (permitted Common Use Arrangements), Regional Council, or another Local Government; When using a tender exempt panel of pre-qualified suppliers (WALGA preferred Supply contract) the shire must utilise a request for quotation process through eQuotes or in writing direct with the supplier.
- c) The purchase is under auction which has been authorised by Council;
- d) The contract is for petrol, oil, or other liquid or gas used for internal combustion engines;
- e) Any of the other exclusions under Regulation 11 of the Functions and General Regulations apply.

Sole Source of Supply (Monopoly Suppliers)

The procurement of goods and/or services available from only one private sector source of supply, (i.e. manufacturer, supplier or agency) is permitted without the need to call competitive quotations provided that there must genuinely be only one source of supply. Every endeavour to find alternative sources must be made. Written confirmation of this must be kept on file for later audit.

Note: The application of provision "sole source of supply" should only occur in limited cases and procurement experience indicates that generally more than one supplier is able to provide the requirements.

Anti-Avoidance

The Local Government shall not enter two or more contracts of a similar nature for the purpose of splitting the value of the contracts to take the value of consideration below the level of \$150,000, thereby avoiding the need to publicly tender.

Tender Criteria

The Local Government shall, before tenders are publicly invited, determine in writing the criteria for deciding which tender should be accepted.

The evaluation panel shall be established prior to the advertising of a tender and include a mix of skills and experience relevant to the nature of the purchase.

For Requests with a total estimated (ex GST) price of:

- a) Between \$40,000 and \$149,999, the panel must contain a minimum of 2 members; and
- b) \$150,000 and above, the panel must contain a minimum of 3 members.

Advertising Tenders

Tenders are to be advertised in a state wide publication e.g. "The West Australian" newspaper, Local Government Tenders section, preferably on a Wednesday or Saturday.

The tender must remain open for at least 14 days after the date the tender is advertised. Care must be taken to ensure that 14 **full** days are provided as a minimum.

The notice must include:

- a) A brief description of the goods or services required.
- b) Information as to where and how tenders may be submitted.
- c) The date and time after which tenders cannot be submitted.
- d) Particulars identifying a person from who more detailed information as to tendering may be obtained.
- e) Detailed information shall include:
 - i. such information as the local government decides should be disclosed to those interested in submitting a tender;
 - ii. detailed specifications of the goods or services required;
 - iii. the criteria for deciding which tender should be accepted;
 - iv. whether or not the local government has decided to submit a tender; and
 - v. whether or not tenders can be submitted by facsimile or other electronic means, and if so, how tenders may so be submitted.

Issuing Tender Documentation

Tenders will not be made available (counter, mail, internet, referral, or other means) without a robust process to ensure the recording of details of all parties who acquire the documentation.

This is essential if clarification, addendums or further communication is required prior to the close of tenders. All potential tenderers must have equal access to this information in order for the Local Government not to compromise its Duty to be Fair.

Tender Deadline

A tender that is not received in full in the required format by the advertised Tender Deadline shall be rejected.

Opening of Tenders

No tenders are to be removed from the tender box or opened (read or evaluated) prior to the Tender Deadline.

Tenders are to be opened in the presence of the Chief Executive Officer's delegated nominee and preferably at least one other Shire Officer. The details of all tenders received and opened shall be recorded in the Tender Register.

Tenders are to be opened in accordance with the advertised time and place. There is no obligation to disclose or record tendered prices at the tender opening, and price information should be regarded as *commercial-in-confidence* to the Local Government. Members of the public are entitled to be present.

The Tenderer's Offer form, Price Schedule and other appropriate pages from each tender shall be date stamped and initialled by at least two Local Government Officers present at the opening of tenders.

No Tenders Received

Where the Local Government has invited tenders, however no compliant submissions have been received, direct purchases can be arranged on the basis of the following:

- a) A sufficient number of quotations are obtained.
- b) The process follows the guidelines for seeking quotations between \$40,000 & \$149,999 (listed above).
