SHIRE NEWS

SHIRE OF SANDSTONE
HACK STREET SANDSTONE WA 6639

From the Desk of the CEO

PROMOTION OF SANDSTONE

It is often said that Sandstone has much to be thankful for and Sandstone townsite is often described as the neatest, cleanest and most attractive town in the Murchison Goldfields, but we don't promote ourselves sufficiently.

Despite having an acknowledged stable and forward thinking elected Council, failure to grow and increase economic activities and income stagnation can result in the kiss of death. This is more so in these most uncertain times with threats of local government boundary shifts and amalgamations.

Therefore, I am pleased to be able to support Sandstone Council as we are making some bold moves to promote our community in both the town and the rural areas of the Shire. And we should never separate the rural from the town as both are integral to the future of the Shire. Both attract tourism, industry and employment and opportunities for growth. We cannot survive and thrive without each other.

For digital promotion the **Shire's Facebook** page is active as is an **Instagram account** both suitable for local business advertising, facilities and event advertising, and encouraging people to visit and stay. These websites are also available for rural industries for promotion of their individual needs and also to promote our Shire. (*Contact the Visitors Centre*)

To attract tourists and business activities, the shire has an array of accommodation options, a thriving local store, a very attractive caravan park and other facilities that can accommodate small and large groups of tourists, visitors and future events.

Mining activities in the Shire are increasing and will bring continued economic benefits to the community – if we seize the opportunities – *carpe diem*.

SHIRE NEWS

SHIRE OF SANDSTONE
HACK STREET SANDSTONE WA 6639

From the Desk of the CEO

Land Acquisitions

Council continues to pursue the purchase of land within the shire to attract and ultimately retain mining activities and the subsequent commercial benefits for our community. Land acquisition is a lengthy process frustrated by a barrage of bureaucratic obstacles, but we will persist and in the long term benefits will come.

Sandstone will probably never be a metropolis, but controlled and continual growth is essential for Sandstone to remain an important centre within the Murchison and remain as its own identity as a local government and not a blob within some other local government's vast boundaries.

Housing

Council has approved the construction of two new two-bedroom, one bathroom houses for Shire employees and will be located on 17/19 Green Street. The construction of these two new houses should free up some existing housing for which there is ongoing demand from people wanting to live here and some wanting to work here.

Sandstone – Paynes Find Road

The load restrictions on this road have been kept to vehicles 3 tons and under to ensure the integrity of the road surface.

At the Council Meeting of June 25th, it was agreed that the road will be opened to semi-trailer traffic for the next few months; less if the road deteriorates or longer if there is more wet weather which will help maintain the road.

This is ongoing and will change from time to time.

Discussion paper – five or six elected Council members

As a process of continual improvement, Sandstone Council is undertaking a review of the number of elected members.

Local governments with a population below 5,000 are permitted between 5 –7 elected members. Sandstone has six elected members and the Council is seeking community feedback on yes or no to reduce the number to 5 or retain 6 positions. I'll only make one comment – reducing the numbers by one from 6 to 5 does not result in any significant savings in costs.

A celebration of excellence at WALGAS 2026 Local Government Awards

WALGA's Annual Local Government Awards for 2026 saw Sandstone President, Beth Walton, awarded the WALGA Life Membership.

Beth was elected to the Sandstone Council in 1992, elected President in 1997 and has been the President since that time - almost 30 years!

Beth is a tremendous advocate for honesty and integrity in local government and is highly respected in the LG industry but especially through the Mid-West Murchison Region of Western Australia.

Beth is Sandstone Shire's best advocate continually promoting the town and the Shire; she is the personification of an individual who acts not for herself but for the benefit of the community, the State and the country. Beth has an extraordinary reputation throughout the industry as a local government representative who embodies altruism, service, and dedication and she is the near perfect example of all that is great about local government.

Congratulations Beth!

Fascinating facts about olive trees

“The olive tree is much more than merely a tree with a gnarled trunk; it is the emblematic embodiment of the values of peace, wisdom and hope – values that we wish to celebrate today, on this World Day.” - Audrey Azoulay, Director-General of UNESCO

- Olive trees can get very old. The average age of an olive tree is 300-600 years. But the oldest certified olive tree is more than 2000 years old. It can be found in the small town of Ano Vouveson on the island of Crete in Greece and it still bears fruit. The tree is visited by more than 20,000 people every year. Its trunk has a perimeter of 12,5 meters, and a diameter of 4,7 meters.
- Olive trees are extremely resilient. They survive long droughts, and even when a wildfire has burnt large parts of the tree, the tree is very likely to recover.
- The olive tree is widely known for its strong tendency for alternate bearing (biennial bearing), which severely affects the fruit yield from year to year. A large production in year 1 removes most of the various carbohydrates, organic nitrogen components and other essential nutrients, making the available stock insufficient to produce a new crop in year 2.
- There are 139 olive varieties (cultivars) which are grown in 23 different countries (as estimated by the International Olive Council (IOC)). Each olive cultivar has its own unique chemical and taste characteristics.
- The olive branch is a sign of peace. This symbol was used in history to declare armistice by giving it to enemies. It appears on the national flags of seven nations, four US states and the flag of the United Nations. A small gold replica of an olive branch was left on the Moon's surface by Astronaut Neil A. Armstrong, an Apollo 11 crew member. The gesture represented a wish for peace for all mankind.
- Olive oil was already used in ancient times. In 2014, scientists discovered 8,000 year old olive oil in Ein Zippori, a town near Nazareth. The first eyeshadow was created by mixing olive oil and ground charcoal. It was used in ancient Greece.
- Olive tree waste provides renewable energy. When burned it produces 2.5 times the heat of burning wood, and the smoke is harmless. Its ash is used for fertilizing gardens.
- The olive tree provides for life. It feeds us with a tasty fruit and a healthy oil, its oil cures our skin and hair, its oil provides light, in winter its wood produces heat, and in summer its branches provide shade.

July Stargazing

Venus and the Moon | 17th July

The Moon and Venus make a stunning duo. If the weather is favourable, pack a picnic with family or friends and take some time to watch the sunset before seeing the thin crescent Moon and Venus make an appearance.

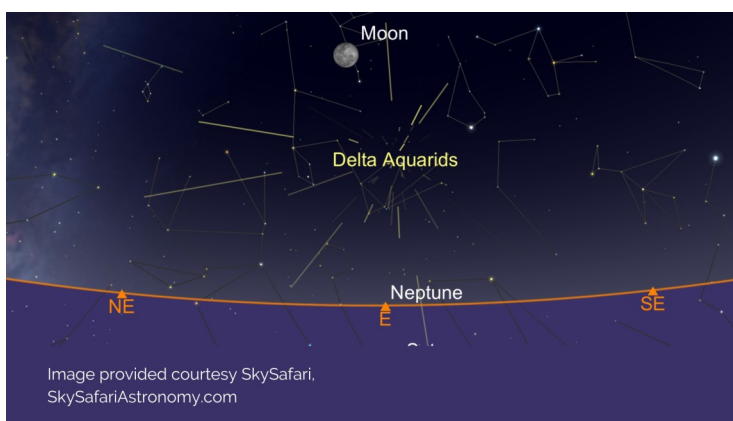

Something interesting

We've all seen spectacular sunsets, but have you ever looked at what's happening behind you in the east? As soon as the sun sets, a phenomenon known as the 'Belt of Venus' occurs on the opposite side of the sky. First, you'll notice a pinkish band of colour above the horizon. This is the light from the sunset being reflected off Earth's atmosphere.

As the minutes tick by, the pink band rises a little higher into the sky and a darker blue band appears below. This is Earth's shadow! The line between is quite distinct.

Give it a few more minutes, and you can start to see the curvature of our home planet. If you turn to look at this shadow to the south or north, you'll notice that it's not as thick as at due east. This is because you're standing on a round object in space (called Earth!) and the shadow will be greatest from this highest point where you stand.

On the top side of the band, the beautiful pinkish hues melt into the blue sky above. A great and wondrous sight!

The Southern delta-Aquariid meteor shower (also known as the Southern delta-Aquarids, or Southern δ -Aquariid) usually produces faint meteors, and observing meteor showers can already be tough at the best of times. Getting the best out of a meteor shower requires late nights, dark skies, a little luck, and lots of patience. This shower's peak coincides with a full moon phase this year, meaning the night skies won't be at their darkest.

The Southern delta-Aquariid meteors appear to come from the constellation of Aquarius. This means the meteors will seem to originate from a point high in the north eastern sky.

Is it worth me getting out of bed for the Southern delta-Aquariid meteor shower?

Unfortunately, not really. The peak of this year's Southern delta-Aquarids shower coincides with a full Moon, making viewing difficult.

PUBLIC NOTICE

In May 2025 Council endorsed a Policy as follows:

Residential Development Policy (More than one dwelling and larger ancillary dwellings)

The Policy is intended to provide additional flexibility in the provision of housing under the Scheme as an acceptable variation to development standards under clause 4.10 of the Scheme. This is subject to appropriate consideration of onsite effluent disposal capability and provision of reticulated water and power services. This flexibility is provided due to the limited available serviced lots with the townsite of Sandstone.

Objectives

- To enable more than one dwelling or a larger than typical ancillary dwelling to be established on lots within the Sandstone townsite.
- To promote additional housing options in the Sandstone townsite.
- To protect the amenity and environment through assessment of development and adequacy of servicing
- To make best use of serviced or easily serviceable residential lots

Applications subject of this Policy

This Policy applies to consideration of:

- Ancillary dwellings (larger than 70sqm) and grouped dwellings or multiple dwellings within the Sandstone townsite
- Grouped Dwellings and Multiple Dwellings in the Sandstone townsite
- An application for approval to commence development (planning approval) is required for: Ancillary dwellings (larger than 70sqm) and grouped dwellings or multiple dwellings in the Sandstone townsite

Note:

Single dwellings and ancillary dwellings up to 70sqm in size are not dealt with under this Policy.

Comments or objections to this Policy can be made in writing to the Chief Executive Officer, Shire of Sandstone ceo@sandstone.wa.gov.au by 25th July 2026

NOTICE TO RESIDENTS AND VISITORS TO SANDSTONE SHIRE

Fuel Support Payment – Application Accessibility

From July 2026, the **West Australian State Government** will be providing access to the **Fuel Support Payment scheme** to support Western Australian households with cost-of-living pressures.

The one off \$100 payment coming from all the taxes you've paid, will be provided on application to support fuel costs for **people with a valid Western Australian driver's licence**, including learner's permits, provisional and extraordinary driver's licences, from 1 July 2026.

The fastest and most convenient way for people to apply for the payment is through the ServiceWA app.

A paper-based application form with postage paid envelope is also being provided to support anyone who may not have access to the app.

How to Apply via the ServiceWA App

1. **Download the app:** Install the ServiceWA app from the App Store or Google Play.
2. **Log in:** Set up and log in using your Digital ID.
3. **Submit the form:** Navigate to the "Offers in Discovery" section, select **Fuel Support Payment**, and fill in your driver's licence details.

Alternative Accessibility Options

For those who cannot access or use the mobile application, the government has confirmed that non-app alternatives will be available. The specific mechanics for these paper or online alternatives are detailed on the [Western Australian Government Announcements](https://www.wa.gov.au/government/announcements/support-payments-available-july-western-australians-the-servicewa-app) (www.wa.gov.au/government/announcements/support-payments-available-july-western-australians-the-servicewa-app)

Number of elected members

As a process of continual improvement, Sandstone Council is undertaking a review of the number of elected council members.

Local governments with a population below 5,000 are permitted between 5 – 7 elected members. Sandstone has six elected members.

Council is seeking the community feedback on yes or no to reduce the number to 5 or retain the 6 positions

A Discussion Paper with points for and against reducing the number of members is located on the Shire website or can be acquired by contacting the Shire administration on administration@sandstone.wa.gov.au

Should any change to the status quo occur, the Council decision will be forwarded to the Local Government Advisory Board for further consideration.

Submissions will close at 4:00 PM on 13 August 2026

The Council has not made any decision on the proposal and will consider all proposals when discussions submissions at the Council Meeting of 27 August 2026.

ACCESS HEALTH WA

WHERE TO GO WHEN...

Know your health care options

access.health.wa.gov.au

Access Health WA is a new State Government initiative designed to help Western Australians better understand their healthcare options and know when and where to go, to get the medical help they need.

The new website provides simple, trusted guidance on non-life-threatening conditions, including information to help people decide when they should see a GP, visit an urgent care clinic, speak with a pharmacist or access after-hours advice.

Access Health WA aims to:

- make it easier for everyone in the community to choose the right healthcare pathway
- improve patient flow and overall system performance
- provide clear, consistent information about alternative care options.

Both the Access Health WA campaign and website have been developed following engagement across the health sector to ensure the information is accurate, accessible and reflects the needs of both the community and health professionals.

Access Health WA is now live at access.health.wa.gov.au

RED DIRT COUNTRY

By Phyllis Hatchard (Black Hill Station)

As I stroll through the town of Sandstone
there are pieces of history to be seen
from sheep stations to gold mines
and everything in between

A close knit community not afraid to lend a hand
helping out one another as best they can
Outback characters showing off their best
you'll find them all here way out west

A walk through the Mulga
or over a rocky ridge
on those hot summer days
you can come home to an ice cold beer in the fridge

This red dirt country
has a beauty all her own
from sunrise to sunset
it's the perfect place to call home

Community Comment

On behalf of some of the travelling public I would like to congratulate your team on your area presentation.

We came for one night & stayed 6. The management & staff at the caravan park are professional & friendly.

So welcoming & helpful.

As a previous owner of a caravan park I am aware of there efforts to work with the public.

Had a game of bowls so as a bowler we welcome that opportunity.

The town is very tidy with good services.

Well done

Regards, Wayne (buck) Rodgers

Beef and Pumpkin Curry

Ingredients

2 garlic cloves, crushed
2 tsp fresh ginger, grated
1 tsp ground turmeric
1 tsp ground coriander
1 tsp ground cumin
2 long fresh red chillies, deseeded, chopped
2 red onions, finely chopped
2 tsp olive oil
500g lean beef blade steak, trimmed, cut into 3cm pieces
Finely Chopped Tomatoes 400g
250ml (1 cup) salt-reduced beef stock
300g peeled pumpkin, coarsely chopped
1 large zucchini, coarsely chopped
60ml (1/4 cup) reduced-fat coconut milk
120g baby spinach
Fresh coriander sprigs, to serve
300g (2 cups) Coles Long Grain Rice, steamed, to serve

Step 1

Process garlic, ginger, turmeric, ground coriander, cumin, chilli and half the onion in a food processor until a coarse paste forms.

Step 2

Heat 1 teaspoon oil in a large saucepan over high heat. In 2 batches cook beef, stirring for 2-3 minutes, until browned. Transfer to a plate.

Step 3

Heat remaining oil in pan over medium heat. Add remaining onion and cook, stirring, for 3-4 minutes or until softened. Add spice paste and stir for 2 minutes or until aromatic.

Step 4

Return beef to pan with tomato and stock. Bring to the boil. Simmer, covered, over low heat for 1 1/2 hours. Add the pumpkin. Simmer, uncovered, for 15 minutes. Add zucchini and 2 tablespoons coconut milk and cook for 5 minutes, until pumpkin is tender. Season. Stir through spinach. Drizzle with remaining 1 tablespoon coconut milk. Top with coriander. Serve with rice.

Sandstone Shire Burning Periods

Restricted: Burning Permits are needed during this time.

1st October - 14th December (inclusive) & 1st April - 30th April (inclusive)

Prohibited: Burning is not permitted during this time.

15th December - 31st March (inclusive)

Pastoralists and D.E.C. in Sandstone and surrounding Shires have an ongoing wild dog bait programme.

Baits are on the ground ALL year round and are fatal to dogs

Dogs are **NOT PERMITTED** on a pastoral lease unless permission has been given.

To avoid being penalised all dogs and cats must be kept in your yard **OR** on a leash at all times.

Please clean up after your dog!!!!

All dogs must be registered.

If your dog is not registered or you are unsure, please contact the Shire office.

Dog registrations are due at the end of October each year.

Looking for guaranteed ways to save on your energy bills?

With Sunshine Saver™ you're guaranteed to start saving immediately.*

Sunshine Saver is made especially for renters or people who can't access the bill saving benefits of rooftop solar.

This simple subscription gives you five units of energy credited to your account daily, regardless of how and when energy is used. And you can enjoy more savings with a 10% discount on all energy used between 6am and 6pm. All for only \$1 a day.

Be quick to start saving immediately.

Visit horizonpower.com.au/SunshineSaver

* Estimated savings of \$219 is based on the average consumption of a residential A2 tariff customer in eligible towns. Total individual customer savings will vary depending on energy used during 6am and 6pm.

TELSTRA PRIORITY ASSIST SERVICE

<https://www.telstra.com.au/consumer-advice/customer-service/priority-assist>

What's Priority Assistance?

Priority Assistance is a priority fault repair and connection service we offer customers who depend on a working home phone due to a life-threatening medical condition. If you or someone living with you may be at risk without access to a working home phone, you could be eligible for Priority Assistance.

If you're not a current Telstra account holder, you'll need to order a new home phone service to receive Priority Assistance. Call us on [13 22 00](tel:132200) and say 'Priority Assistance' to place your order.

You're also eligible for Priority Assistance if you have other dependent medical conditions and live alone without support or in a remote location.
